

The Encyclopedia of Australian Architecture, 2011, 830 pages, Philip Goad, Julie Willis, 0521888573, 9780521888578, Cambridge University Press, 2011

Behind the iconic images of Australian homesteads, beach houses and the billowing sails of the Sydney Opera House lies a rich and enthralling history of how Australians have responded to natural and urban environments, and in turn shaped Australian culture and society. The Encyclopedia of Australian Architecture is the first major work of reference to be published on Australian architecture. This magnificent book documents and analyses Australian architecture and architects from indigenous beginnings to colonial, modern and contemporary eras. With over 1000 entries from 200 contributors, and 500 photographs and drawings, The Encyclopedia of Australian Architecture provides an unparalleled compendium of architectural knowledge. It is essential reading for all who care about the built environment.
